Dear Parent(s)/Guardian(s):

Massachusetts State Laws require that all children attending school must be fully immunized, show evidence of lead testing and have their 5th year physical examination completed upon entry to Kindergarten. While parents/guardians are required to submit health records for their children at the time of Kindergarten registration, many children have not yet turned 5 years old, so their health records are incomplete for the Fall.

If your child has had his/her 5th year exam completed since registration, I ask that you bring a copy of those records (physical exam and immunization record) with you on your screening day.

If your child will have the 5th year physical and immunizations completed over the summer, I ask that you mail or drop off a copy of this record when you get the paperwork from your child's doctor.

All health records must be delivered prior to the start of school.

For your information, the health records required for entry into Kindergarten are as follows:

- 5 Year Physical Exam
- Lead test
- Immunizations: DTP (5 doses), IPV (4 doses), HepB (3 doses), MMR (2 doses), Varicella (2 doses).

If you have questions, please do not hesitate to call me.

Thank you for your attention to this matter.

Claudia Small, RN, BSN
Bresnahan School Nurse
