About the Jimmy Fund

The Boston Red Sox are champions in the fight against cancer. In 1953, the Red Sox adopted the Jimmy Fund as an official charity to save lives, find cures, and dramatically change the quality of life for patients and families facing cancer in New England and around the world. The Jimmy Fund solely supports Boston's Dana-Farber Cancer Institute, raising funds for adult and pediatric cancer care and research to improve the chances of survival for cancer patients around the world.
