

Last year the Bresnahan School recycled 75 lbs of makers and pens! Collection bins are located in the staff mail rooms.

FUN FACTS

- One box of eight recycled markers creates enough energy to prepare a breakfast that consists of brewing a pot of coffee, frying an egg and making two pieces of toast.
- 308 markers produces 1 gallon of fuel, which is enough to power an SUV for 15 miles.
- If a classroom recycles 193 markers, that is enough to move a city bus for three miles.

Are you interested in helping to pack and mail the writing instruments for recycling? Great project to do with your kids or troops - just a couple of time each year! For more information, contact heatherchansen@gmail.com.

WRITING INSTRUMENTS BRIGADE®

ACCEPTED WASTE

See the picture above for what you can send in through this Brigade. Then, every time you use up a writing instrument, be sure to send it in to TerraCycle.

Writing Instrument Brigade accepted waste:

1. Pens and pen caps
2. Mechanical pencils
3. Markers and marker caps
4. Highlighters and highlighter caps
5. Permanent markers and permanent marker caps
