Timothy J. Miller, Principal

Michael Munroe, Assistant Principal

July 28, 2021

Dear Bresnahan Family,

I hope that everyone has been enjoying their summer break! Here at Bresnahan we have been very busy preparing for the upcoming school year. There are many changes coming in the 2021-22 school year. We are welcoming new staff to the Bresnahan team and some staff have changed positions.

The new Assistant Principal, Mike Munroe, and I have been working on some major schedule changes. These changes will allow for more teacher collaboration and will guarantee that all K-3 students will be using our amazing library every week! I believe it is essential for our young people to develop a love of books and reading and Ms. Ames has been in often this summer to get the library ready for our students. We are also excited to be implementing a new Literacy program in grades K-3. The Wilson Foundations program should help our students reach their full potential in Literacy.

We will be hosting a Meet and Greet on August 17 for all new students including all PK and K students. All students and families are certainly welcome at this event which will provide some general information about the Bresnahan School and hopefully reduce some of the anxiety that is naturally felt when coming to a new environment. Please watch for further information on this event.

I am very excited to get students and teachers back into the building and begin the work of building lifelong learners. Last year was a unique and sometimes difficult school year and I know that we are all looking forward to a more traditional year. Be sure to take time to read with your child and have some fun enjoying the remainder of the summer. If there are ever any questions please feel free to reach out to me.

Regards,

Timothy J. Miller, Principal
